

# Parametric Modalities

This whitepaper consolidates most of the Rifing parameters for viaDNA Remotes. Consideration was given to public-domain documents and open-source content authored by a plethora of established and recognized practitioners, associations, and companies, including, but not limited to:

- Dr. William Philpott
- Dr. Richard Loyd, Health Balances
- Mr. David Bourke, ICU Forum
- Mr. Bradley Johnson, Fre-Q LLC
- Accessing-Health Private Membership Association (AHPMA)
- Spooky2

Rifing parameters include types that are either fixed by hardware design, or programmable through software. The parameters are further characterized by their tendency to promote the process of healing the body (pro-life) or deterring pathogens (anti-life). This whitepaper uses:

- **green** to indicate a **pro-life parameter**, ie, **heal**.
- **red** to indicate an **anti-life parameter**, ie, **kill**.

Parameters	Fixed	Programmable
South pole magnetic polarity; negative (-)	X	
North pole magnetic polarity; positive (+)	X	
Sine waveform (SIN) few harmonic frequencies		X
Square waveform (SQR) rich in harmonic frequencies		X
Waveform with Negative (-) DC offset		X
Waveform with Zero (0) DC offset, ie, no offset		X
Waveform with Positive (+) DC offset		X

Different combinations of these parameters result in a spectrum of “modalities.” More on page 2.

There are two “maximal” parametric modalities:

- **(-) south pole magnetic polarity** & **SIN wave** & **(-) DC offset** = **heal/heal/heal** = **all (-)**.
- **(+) north pole magnetic polarity** & **SQR wave** & **(+) DC offset** = **kill/kill/kill** = **all (+)**.

We offer two “fixed-parameter magnetic polarity” remotes:

- **UNIVERSAL viaDNA Remote (black box)** **(-) south pole magnetic polarity DNA cavity** **BLK**.
- **ADVANCED viaDNA Remote (white box)** **(+) north pole magnetic polarity DNA cavity** **WHT**.

Both remotes have **green** and **red** LED lights indicating “DC offset” and waveform excursion:

- **green** indicates **(-) DC offset**, and also indicates **(-) waveform excursions**.
- **red** indicates **(+) DC offset**, and also indicates **(+) waveform excursions**.

The **UNIVERSAL viaDNA Remote (black box)** with the **gentle pro-life magnetic parameter** can effectively be used for **both healing** and **killing**.

The **ADVANCED viaDNA Remote (white box)** with the **aggressive anti-life magnetic parameter** can be **more** effective for **killing**, and other **advanced** modalities.

## Parametric Modalities

Besides the two “maximal” parametric modalities mentioned on the previous page, following are additional modalities depending on the mix of **magnet / waveform / offset** parameters:

<b>m / w / o</b>	viaDNA Remote <b>m</b>	Waveform <b>w</b>	Offset [%] <b>o</b>	Amplitude [V]	Power [pW]	LED Lights
<b>heal/heal/zero</b>  <b>heal/heal/heal</b> (-) maximal	<b>BLK</b>	<b>SIN</b>	<b>0</b>	18.4	2347	<b>green &amp; red</b>
				17.0	2004	
				15.6	1683	
			<b>-25</b>	<b>14.1 *</b>	<b>1395</b>	
			<b>-50</b>	<b>12.7 *</b>	<b>1142</b>	
			<b>-100</b>	<b>11.3 *</b>	<b>906</b>	
		<b>SQR</b>	<b>100</b>	8.5	515	<b>green</b>
				6.0	515	
				<b>7.0 **</b>	<b>698</b>	
			<b>8.0 *</b>	<b>906</b>		
			<b>9.0 *</b>	<b>1142</b>		
			<b>10.0 *</b>	<b>1395</b>		
<b>heal/kill/kill</b>	<b>SQR</b>	<b>50</b>	11.0	1683	<b>red &amp; green</b>	
			12.0	2004		
		<b>100</b>	13.0	2347		
			6.0	515		
<b>kill/kill/kill</b> (+) maximal	<b>WHT</b>	<b>SQR</b>	<b>50</b>	13.0	2347	<b>red &amp; green</b>
				12.0	2004	
				11.0	1683	
		<b>100</b>	<b>10.0 *</b>	<b>1395</b>	<b>red</b>	
			<b>9.0 *</b>	<b>1142</b>		
			<b>8.0 *</b>	<b>906</b>		
			<b>7.0 **</b>	<b>698</b>		
			6.0	515		
<b>kill/heal/zero</b>	<b>WHT</b>	<b>SIN</b>	<b>0</b>	Advanced Mode Contact us for more information.	<b>green &amp; red</b>	
<b>kill/kill/heal</b>	<b>WHT</b>	<b>SQR</b>	<b>(-) DC offset</b>	Not recommended until further researched. Contact us for more information.		
<b>kill/heal/heal</b>		<b>SIN</b>				

**Note:** use **double-asterisk\*\*** amplitudes for most applications.  
use **single-asterisk\*** amplitudes for more power as needed.

Please review **Frequency Energy** – a correlative whitepaper with additional essential information.
